EDUCATION

Diamond Bar High School

Diamond Bar, CA

High School Diploma, 4.0 GPA, Class Rank 1/620

May 2027

Relevant Coursework: AP Calculus AB & BC, AP Chemistry, AP Computer Science A, Biology, Computer Systems, Industrial Engineering

AP Scores: AP Calculus BC - 5; AP Calculus AB - 4 (Subscore 5); AP Chemistry - 4; AP Computer Science A - 5; AP English Language and Composition - 5; AP United States Government and Politics - 5; AP United States History - 4; AP European History - 4; AP Precalculus - 4

Mt. San Antonio College

Walnut, CA

College Coursework

Relevant Coursework: BIOL 4 (Biology for Majors), AHIS 6 (History of Modern Art), BUSC 1A (Principles of Macroeconomics)

RESEARCH EXPERIENCE

UCSC Science Internship Program (SIP) - CPM-07: AI-Facilitated Group Formation and Project Ideation for Hackathons

Research Intern | Primary Mentor: Alexander Sherbrooke; Faculty Advisor: David Lee; Team of 3 interns Summer 2026

- Developed an AI/LLM-powered chatbot within the Blossom project to support hackathon group formation and project ideation.
- Selected as one of 320 SIP students from a pool of 4,000+ qualified candidates.
- Built on Blossom, a human-bingo platform that uses pre-event surveys to create personalized connection activities for large events.
- Prompt-engineered LLM outputs and tested AI-generated icebreakers, bonding activities, and ideation experiences for real-world social settings.
- Researched group ideation and collaborative activity design to build off prior work in human-computer interaction and social computing.

Independent Biomedical Research - Immunotherapy & Stem Cell Biology

Diamond Bar, CA

Summer Research Student

Summer 2025

- Studied immunotherapy and stem cell biology concepts, including immune-cell targeting, cancer signaling, differentiation, and treatment resistance.
- Reviewed scientific literature connecting stem cell behavior, tumor development, regenerative medicine, and emerging cancer immunotherapy strategies.
- Strengthened research skills by synthesizing findings, developing research questions, and connecting biomedical concepts to patient-centered cancer care.
- Built a stronger foundation in cancer biology, regenerative medicine, and how biomedical research can lead to improved therapies.

CLINICAL EXPERIENCE & VOLUNTEERING

Clinical Shadowing: Dr. Bao Dao

Oakland, CA

Two-Year Clinical Observer

July 2024 - July 2026

- Completed two years of clinical shadowing with Dr. Bao Dao, observing patient consultations, treatment planning, and oncology-related care workflows.
- Gained exposure to chemotherapy protocols and cancer diagnostic processes while observing patient-centered clinical decision-making.
- Analyzed how physicians communicate diagnoses, treatment options, and care plans with patients and families.

Pomona Valley Hospital

Pomona, CA

Volunteer

June 2024 - Present

- Earned 200+ volunteer hours supporting hospital operations and patient-facing services.
- Supported patients directly in the Telemetry Unit by assisting staff with clinical tasks and patient needs.
- Carried out service tasks that improved daily patient, visitor, and staff experiences.

American Red Cross

Los Angeles, CA

President & Volunteer

August 2023 - Present

- Earned 250+ volunteer hours through community service, leadership initiatives, and community preparedness events.
- Completed leadership camp training focused on teamwork, responsibility, and service.
- Learned hands-only CPR and supported activities aimed at strengthening community readiness.

PROJECTS & EXPERIENCE

Personal Portfolio Website

ethanlytran.com

Developer

2026

- Developed and launched ethanlytran.com to present my background, interests, resume, projects, leadership, and portfolio in one accessible website.
- Designed a multi-page structure to showcase research, projects, leadership experiences, and contact information for programs and opportunities.
- Used the website as a digital portfolio for academic programs, internships, leadership roles, and future opportunities.

Travel Planning Website

Diamond Bar, CA

Developer

2026

- Developed a travel-planning website for my friends and me to organize trips, compare booking options for flights and hotels, and coordinate plans.
- Created planning features centered on shared trip information, group decision-making, and a collaborative calendar for upcoming travel.
- Focused on making trip planning easier by organizing major travel logistics in one shared online space.

LEADERSHIP & ACTIVITIES

WeBall

Diamond Bar, CA

President

September 2024 - Present

- Organized volunteer basketball community events for 50+ club members and created mentorship opportunities for younger students.
- Taught hundreds of students basketball fundamentals through outreach programs led by experienced student athletes.
- Connected 10+ basketball-experienced players with younger students to build confidence and community engagement.

Asian Pacific Islander Student Union (APISU)

Diamond Bar, CA

President

December 2024 - Present

- Led cultural awareness activities highlighting diverse Asian and Pacific Islander traditions, communities, and service initiatives.
- Collaborated with officers to plan events, manage meetings, support LA wildfire-related volunteering, and increase student engagement.
- Promoted student participation in cultural education and service opportunities across campus.

Future Business Leaders of America (FBLA)

Diamond Bar, CA

Officer

November 2023 - Present

- Earned 4th Place in Sports & Entertainment Management and additional regional/state awards through FBLA competitions.
- Organized a mock competition for 100+ competitors to help students prepare for regionals.
- Strengthened leadership, communication, business analysis, and rapid preparation skills through competitive events.

Diamond Bar High School Basketball Team

Diamond Bar, CA

Player

September 2023 - Present

- Member of the varsity basketball team while maintaining a rigorous academic course load and consistent training schedule.
- Built discipline, resilience, and teamwork by competing in high-pressure athletic environments.

AWARDS & HONORS

- Brahma Tech Honor Roll (2024, 2025)
- Top Ten Student (2024)
- Humanitarian and International Law Advocate
- Gold Presidential Volunteer Service Award
- AP Scholar
